Young Administrative Officer

## ACTIVITIES

In a working day i typically wake up early in the morning so i can play some videogames before i go to work, sleep isn't needed in youth. I still live with my parents and I never had a relationship. I work with elder people that hate tecnologia, so everyday i have to solve their problems.

## GOALS AND DESIRES

I would like to have a easy and safe way to do my job as administrative officer, i need a system that is error preventing, as i come to work very sleepy and stunned by my morning daily gaming session.

## DIGITAL TOOLS

...

## NEEDS

- Arthur needs a system that doesn't rely on his user, he always have to re-edit data that he inserts in the system because he never thinks at what he's doing.
- User-friendly application so my colleagues don't ask for my help everyday

## OBSTACLES AND FRUSTRATIONS

I have no troubles with technology at all, i have troubles in human relations so the less i have to talk to people the better i feel.  
People have to be understood, computers didn't.

I like play  
videogames all day,  
so the work is just a  
way to stay in  
contact with reality,  
i'm not sure i need it  
but my mom thinks  
so
